

Brand Partnerships

Hello There

We love meeting new faces, exploring new places, and covering all the bases. Roaming Travelers allows us to do what we enjoy, from travel and adventure to taking the time to express ourselves, and all that we have to offer as a couple. Our raw and authentic connection with one-another often leaves a wild lasting impression to others. This venture has been 6 years in the making allowing us to work together, bounce ideas off each other, and look at things from all angles at different depths. We are a great team, our bond is hard to break!

We truly look forward to the opportunity to partner and create something amazing together. We approach every project as a partnership with our clients to allow them to help see their vision come to light. We truly have a passion for what we do and those we are able to work with.

In our experience there is no one-size fits all for content which is why we take an individual approach to everything we do. We promise to deliver original and authentic content geared towards your audience.

Lifestyle

focused

@joshuatrecandleco

Lifestyle focused content gets tossed around a lot and tends to carry a different meaning depending on who you ask. We like to think of LIFESTYLE focused as the most authentic setting possible. While we do set the shot, our content is a true representation and depiction of who we are.

@cleanremedies

@victrolaplayers

Our LIFESTYLE is the product of our environment. Living an active lifestyle in the Hi-Desert, we offer a unique setting for our clients. A Dusty-Road // Boho-Shabby-Chic interior reintroduces the classic idea of retro style. Bright whites and warm neutral colors will make your product(s) stand out from the rest.

Product

focused

PRODUCT focused content can easily become saturated, dull, or over-used. While this content seems the most straight forward, it is often the hardest to create. We offer a unique contrast to typical PRODUCT content by incorporating small LIFESTYLE touches that help your product stand out from the rest.

Our passion for adventure along with our proximity to some of the greatest outdoor locations on the west-coast, position us for unique opportunities together.

Destination

focused

They say its not the DESTINATION but rather the journey to get there. Travel has always been the forefront of what we do and the real reason behind the creation of Roaming Travelers.

We take our clients DESTINATION, highlight the journey, and build a lifestyle around it. Destinations come alive through authentic LIFESTYLE produced content and emersive video.

We have worked Domestically as well as Internationally with Airbnb, Hotels, and full-service Resorts to deliver quality content.
